CAST Basic Qualified AIP Operator

Customers who are Basic Qualified on CAST Application Intelligence Platform (CAST AIP) have increased software quality and achieved a quantum leap advance in productivity.

Overview

The Basic Qualified AIP Operator program recognizes the demonstrated competence in leading and directing software analysis and measurement using CAST Application Intelligence Platform (CAST AIP) through Console for AIP Operator.

AIP Operator role is responsible for installing AIP (+ Console) and configuring the analysis, and keeping the CAST AIP platforms up-to-date. The role is also capable of operating standard application onboarding and rescan, and first level of troubleshooting in AIP configuration through Console

Prerequisites

This exam pertains the basic qualification level which is the first step towards administering AIP Console. It is really to demonstrate and test that the training for AIP operator has successfully been completed and the content is absorbed. The pre-requisites to take up the exam are:

- Completion of **AIP Operator 101v3 - Getting Started with Console 1.15.x** course in CAST University
- Thorough knowledge of latest version of Console documentation available at https://doc.castsoftware.com/display/AIPCONSOLE

Exam Details and Guidelines

The total duration for the entire exam is 30 minutes.

- You need to attempt **30 questions** in **30 minutes**.
- A Minimum passing mark of **75%** is expected to clear the exam and become CAST basic Qualified AIP Operator.
- A maximum of **2 attempts** for the exam is allowed over a period of two months.
- The questions cover wide range of topics related to AIP Console -
    - o Installation and Configurations
    - o Environment Setup and UI options
    - o Running and validating analysis, and Reviewing results

After the timer starts for the exam it cannot be stopped even if you leave the test page. You can however return to an active test until that timer ends. Hence, it is recommended to attempt the certification only when you can dedicate the time required for complete the certification.
